VERY scary.....but good to know!!!

When you visit the site you can enter your address and a map will pop up with your house as a small icon of a house. There will be red, blue and green squares surrounding your entire neighborhood. When you click on these squares a picture of a criminal will appear with his or her home address and the description of the crime he or she has committed.

This site was developed by John Walsh from Americas Most Wanted. This is another tool we can use to help us keep our kids safe.
